

SKY ISLAND BIRDS: IDENTIFICATION, NATURAL HISTORY, & FIELD SIGNS

Join Expert Birder Homer Hansen and Naturalist Vincent Pinto as they guide you in a fascinating journey into the world of Sky Island Birds. During this field Workshop you will: learn to ID a wide variety of bird species by sight & sound, discover the unique form & function of birds, explore a number of distinct bird habitats, practice finding & IDing bird tracks & signs, and experience what you can do to help and promote bird conservation where you live.

Whether you are a seasoned birder or a beginner, you are sure to learn and have fun during this informative, and exciting Workshop!

WHERE: **RAVEN'S NEST**, a 42-acre Nature Sanctuary near Patagonia Lake. Safari Camping is available at the Sanctuary w/ alternate lodging nearby. Please call us to inquire.

WHEN: **APRIL 14 - 15** - Workshop
APRIL 13 - Optional Field Trip if you desire a longer Nature adventure!

TUITION: **\$275 for Sat + Sun plus add \$75 for Friday**
