

# RAVENS-WAY WILD JOURNEYS

## INTRODUCTION TO SKY ISLAND BIRDS: BEGINNING BIRDING IN THE HIGHLANDS

The major topographic complexity of the Sky Islands, unique location, and blend of tropical and temperate climates, leads to a diversity greater than anywhere else in the United States! The Sky Islands host well over half the bird species of North America and the higher habitats, such as Oak Woodlands & Canyon Riparian Forests, hold much promise for encountering a diverse array of bird species! Join Naturalist & Wildlife Biologist Vincent Pinto to learn how to find & identify a wide range of birds using a broad spectrum of clues. Jays, Quail, Wrens, Raptors, Owls, Flycatchers, & more await you in this fun & informative outing aimed at improving your birdwatching skills.

**WHEN:** APRIL 28

**WHERE:** SKY ISLANDS MOUNTAINS

**TUITION:** \$50

Ethnobotanist, Naturalist, Wildlife Biologist, & Wilderness Survival Instructor, Vincent Pinto and his wife, Claudia, run RAVENS-WAY WILD JOURNEYS - dedicated to the Conservation and Protection of Nature, Wildlife, and the Environment through a wide variety of Eco-friendly Programs and Adventures! Vincent has been teaching & raising awareness of Nature throughout the country since 1987.
