

RAVENS-WAY WILD JOURNEYS

SKY ISLAND BIRDS:

BEGINNING BIRDING IN THE LOWLANDS

If you have ever found yourself in Nature wondering what birds were around you, then this workshop is for you! Using a wide range of visual, auditory, & habitat clues, you'll soon discover how to identify birds in the field. You'll venture into lower habitats, such as Deserts, Grasslands, & Riparian Forests, in search of Hawks, Warblers, Waterfowl, Woodpeckers, a wide range of other birds. You will also discover the hidden world of Bird Tracks & Signs left by the passage of various species. Naturalist & Wildlife Biologist Vincent Pinto will guide you into discovering countless avian treasures as you wander the incredibly bird-rich Sky Islands! All skill levels are welcome!
