SUSTAINABLE SURVIVAL SHELTERS: CREATING A WILDERNESS ENCAMPMENT

Take away our modern buildings, tents, plastic, and other familiar materials and many would be at a loss as to how to shelter themselves from the elements! Now you can learn first-hand how to construct, live-in, and maintain both ephemeral and semi-permanent stone-age shelters. With the knowledge that you'll gain in the class, you'll soon be crafting your own wilderness shelters from earth, stone, plant, and other materials.
